**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-3 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by U. S. Patent No. 5,113,499 to Ankney et al.

As per claim 1, Ankney et al. disclose checking if a subscriber identity .....(see at least the abstract), showing a screen on a display .....(col. 17, lines 52-59) and determining whether the authentication .....(see at least the abstract).

As per claims 2 and 3, Ankney et al. disclose wherein said identification software stops (fig. 2A).

***Allowable Subject Matter***

Claims 4-8 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
